# Assemblyman Skip Daly

The Pampered Prince of Political Privilege

**"Daly wants the goodies back!"**

BC-8061

**Skip Daly** sponsored a bill (AB396) allowing legislators to “resume taking free meals and gifts” – a “volcanic flow of **freebies**”!

“People should be barred completely from giving anything that would create gratitude on the part of public servants – whether it’s a meal, a trip, a glass of water or a pickle.”

– Jack Abramoff, *The World’s Most Notorious Lobbyist*

**SKIP DALY** and six of his colleagues were caught trying to “keep their expenses hidden.” The abuse was so bad and flagrant that they were each fined for violating campaign finance laws. – SOURCE: [skipdaly.info/goodies](http://skipdaly.info/goodies)

**LAS VEGAS REVIEW-JOURNAL**

“Assembly Bill 396 would have **allowed legislators to take secret junkets and resume accepting gifts and meals from lobbyists** ... a return to the days when they were treated royally all year long by lobbyists seeking their votes.”

– Columnist Jane Ann Morrison

**LAS VEGAS SUN** Feb. 26, 2012

“... These included **rent, electronics, house cleaning and supplies, groceries, lunches and dinners** at Carson City restaurants and even bottled water. “The lawmakers also paid for **airfare and hotels** to professional conferences in **Hawaii, Texas and Florida.**”
